

GREENHOUSE GAS EMISSIONS VERIFICATION OPINION

■ Verification Subject

Korea Quality Assurance Co., Ltd. (KQA) has conducted a verification of the "2025 Greenhouse Gas Emissions" reported by DRB Industrial Co., Ltd.

■ Responsibility and Authority

This opinion constitutes an independent third-party verification of the greenhouse gas emissions inventory report of DRB Industrial Co., Ltd., covering the emission activities listed below for the period from January 1, 2025, to December 31, 2025.

- Scope 1: Stationary Combustion, Mobile Combustion, Waste Incineration, Fugitive/Process Emissions
- Scope 2: Purchased electricity

In accordance with the contractual reporting requirements for greenhouse gas (GHG) emissions, the responsibility for the preparation and fair presentation of the Scope 1 and Scope 2 GHG emissions inventory report lies with DRB Industrial Co., Ltd. Korea Quality Assurance Co., Ltd. is responsible solely for issuing this verification opinion in compliance with the established verification criteria and procedures.

■ Verification Scope

The verification was conducted for the facilities and emission sources under the operational control of DRB Industrial Co., Ltd.

- Reporting scope: Direct and indirect emissions corresponding to Scope 1 and Scope 2

■ Standards and Guidelines

The verification was conducted to obtain **limited assurance** that the reported GHG emissions were appropriately calculated and presented in accordance with the applicable principles and standards.

- Guidelines for Reporting and Certification under the Emissions Trading Scheme (ETS)
- KS I ISO 14064-3 : Specification with guidance for the validation and verification of greenhouse gas statements
- Other references : Guidelines for Preparing Emissions Reports under the Emissions Trading Scheme (ETS), Verification Guidelines for the Operation of the Greenhouse Gas Emissions Trading Scheme

■ Verification Opinion

DRB Industrial Co., Ltd. has calculated its GHG emissions in accordance with the applicable verification criteria and has fully implemented all required corrective actions. No significant errors were identified during the verification process, and the activity data and supporting evidence were appropriately managed and accurately quantified. Accordingly, we issue a final opinion of **"appropriate."**
